TANEIRA

From the CEO's desk

The year 2019-20 has been a good year for Diya and all its stake holders. It began with a wonderful celebration of our 20th Anniversary, showcasing the skills and abilities of our adults with special needs in welcoming and seating guests, bussing the tables and looking after their needs, introducing our chief guest to providing entertainment. They took care of it all. A beautiful testimony to our work and their potential!

In the coming year, we look forward to building up Diya's involvement in the Community at large. We hope to create partners to provide 'hands-on' training and internships that could result in building awareness, changing mindsets and creating job opportunities. This model will benefit a larger number of adults with intellectual disabilities. We would also like to create and build small pockets of workstations/production units as future self employment opportunities. One of our objectives is to work with like-minded NGOs in building trainer capacity and sharing the Diya training module.

Our dreams are big and the pandemic has already thrown many challenges our way. In the past few months Diya has had to grow and evolve in ways we never thought possible. Switching to an online training program has been a learning experience for all of us. We were given a chance to truly see how our beneficiaries can grow even in the face of adversity. Families have discovered new skills and strengths in their children; adults with special needs have discovered their place of importance and role in the family; trainers have thought out of the box to bring creativity and innovativeness into their training methods and the Organization has thought of new methods to deliver the program and provide support with technology assistance and daily provisions to needy families.

Dear well-wishers and benefactors, we need your support now more than ever before to keep our program going and our dreams alive. Thank you for being with us these past 21 years and we pray that you will continue to be with us in these challenging times ahead.

ABOUT DIYA

Diya Foundation (DIYA) is a Vocational Training Center in Bangalore providing vocational education in life skills and employability skills to differently abled individuals. Founded in 1999, DIYA is a registered charitable Trust.

Adults with intellectual challenges have a huge potential to be self-dependent and productive provided their training is structured and systematic.

At DIYA, the life centered career education curriculum that we follow, addresses a person centered development as per their strengths and interests and provides an easy transition from work to life goals and life security. The very existence of our foundation is our belief that each one can be trained and has the potential to work.

MISSION

To enrich the quality of life and bring dignity to differently abled adults by training them in life skills and vocational skills, building support systems and enhancing awareness in the community.

VISION

To see individuals with a disability and their families alive with dignity and pride in the present and operating with love, respect and confidence in the future.

VALUES

Acceptance, Caring, Creative, Inspiring, Positive, Respect

OUR PROJECTS

A PERSON CENTERED VOCATIONAL TRAINING PROGRAM

Training in Life Skills

Diya's Trainees learn to manage

- » personal finances,
- » household management,
- » personal needs,
- » family responsibilities,
- » food preparation and
- » leisure activities.

Training in Employability Skills

Diya helps open the door to employment possibilities and choices for our Trainees by teaching them

- » appropriate work habits,
- » how to seek and maintain employment,
- » physical/manual skills, and
- » specific job competencies.

Training in Inter Personal Skills

We help our Trainees to develop

- » self awareness,
- » self confidence,
- » socially responsible behaviour,
- » good interpersonal skills,
- » independence,
- » decision making and
- » good communication skills.

BRIDGE

Bosch's Response to India's Development and
Growth through Employability Enhancement

**BOSCH**

Invented for life

Bosch's BRIDGE program is proactively bridging the skills gap, making many hundreds of less-educated youth (who are Not in Education, Employment or Training) work-ready and bringing them into the mainstream of society. Every student gets a free Learner kit, industry-relevant curriculum, training by Bosch-trained Trainers, on-the-job training (OJT) opportunity and placement assistance from Bosch for entry-level jobs in services industry.

30,000

Less-educated youth trained and placed through BRIDGE in entry-level service sector jobs since 2013

466

BRIDGE Centers across India including PU colleges, higher secondary schools, MSW colleges and universities

750

Trainers trained through Bosch 'Train the Trainer' (TTT) program

3

State Governments in Public-Private Partnership (PPP) leading to upgradation of 88 Government ITIs

5

Awards bestowed upon BRIDGE including FICCI CSR and NHRD awards

BRIDGE: "Eliminating Unemployment-One Youth a Time"

A Helping Hand from Rajeshwari

Each of the Trainers at Diya play a crucial role in shaping the future of those under their care, and Rajeshwari's story is no exception. She joined Diya a year and a half ago. After an initial assessment of her needs, goals were set for training in Personal grooming and Household Management. Keeping herself healthy and fit with light exercises was also a priority. It didn't take long for her Trainer to discover that with a little bit of encouragement, simple instructions, and consistent hands-on-training, Rajeshwari was able to learn well and also encourage and teach her peers who were slow at their tasks.

She learnt to cook a simple balanced meal, serve herself and her friends at Diya some rice, sambhar, a vegetable and a salad. From identifying the ingredients for the meal, washing and cutting the vegetables, lighting the stove to cleaning up the food preparation area, she began doing it all not just in Diya, but even at home.

The difference now is a happy, well-groomed young lady, with a bounce in her steps who enters Diya every morning, never forgetting to salute as she passes by and willingly lending a helping hand to someone who is struggling to climb the stairs or carry a lunch bag. Her brother is proud to see a happier, healthier more active sister at home.

Brimming with Confidence

Diya's Employment Training Program, has been instrumental in preparing **Bhuvaneshwari S R**, for an independent and productive life. She joined Diya in 2018 after studying till the 9th grade. A versatile learner, she picked up skills at a fast pace. She was trained to travel by bus and manage household chores like cooking and cleaning. Trainers prepared her to lean less on the support of an over protective family. Being a great listener, she followed every instruction and in a short span of time learnt about the need to work and earn, maintain a personal budget for her expenses, relate with her peers in a cordial manner, take on leadership roles and be assertive when needed.

In 2019, a 3 month internship at **Hatti Kaapi, Indiranagar**, landed her a job at the outlet where she now prepares tables for customers, serves them coffee and snacks and even parcels Swiggy and Zomato orders, all of this with a smile on her face and confidence in her gait. Her colleagues say she is friendly and helpful and her Manager, Mr Manjunath, finds her work commendable. Since joining Diya, her confidence has grown and she now gets invited to participate in fashion shows, showcasing 'Ability in Disability'.

Her mother says, "We are happy that she is independent and can earn."

The Impact - YEAR IN REVIEW 2019-20

TRAINING:

- » 45 Trainees
- » 1600 hours of Life Skills training
- » 10 Outdoor Exposure visits arranged for Trainees
- » 8 Internship opportunities for Trainees
- » 7 Job Placements secured

A New-found Voice for Hemalatha

Cheerful, helpful and a quick learner, Hemalatha, joined Diya, eager to learn new things and make new friends. Learning safety rules on the road and at home, using basic appliances to cook, wash and clean, understanding the value and use of money, ironing and folding clothes, making dosas, are a few of the lessons, activities and skills that she picked up last year. Through sponsored therapeutic

interventions at Diya, Hemalatha has shown significant improvement in oral-motor functioning and increased self-awareness. She has also been training on the Avaz App, an augmentative and alternative communication app that empowers people having speech-related difficulties with a voice of their own. We are now witness to a much more confident individual, ready to take on greater challenges in the year ahead.

Governance

Diya is a Tier I partner of Give India and accredited for desirable norms by Credibility Alliance.

STUDIO C CUBED

On Tuesday, March 10, 2020, eight of Diya's very talented men and women, embarked on a new journey of creating their very own digitization workstation – STUDIO C CUBED after a 3 ½ year training program with AIMS MEDIA PVT LTD that skilled them in Multimedia and introduced them to a whole new world of digitization and creativity.

PREVENTION OF SEXUAL HARASSMENT POLICY (POSH) AT WORKPLACE

In 2019, Diya Foundation implemented its PREVENTION OF SEXUAL HARASSMENT POLICY (POSH) AT WORKPLACE with the aim to clarify its stand against sexual harassment and to provide a mechanism to address any incidents of sexual harassment in a prompt, fair and transparent manner.

The Posh Committee members are –
Mrs Maria Santamaria (Chairperson)

Mrs Shirley Metline
Dr Babita Gupta
Mrs Neeth D'Souza (External Member)
Mr Arun Kumar

An awareness session on the topic was conducted by the Committee for Diya's Staff and direct Vendors on 7th Sep 2019. Three Committee meetings were held during the year.

Shinu Says Yes!

Shy, anxious, frightened! That was Shinu when he joined Diya in Oct 2018. New faces and loud voices added to the anxiety. Being a Keralite, he looked for a Malayalee to comfort him. Any activity assigned was met with a firm 'NO'. Anger and sulking had to be managed. An exercise regimen to increase fitness was also a pressing need.

An initial need based assessment led to a customized training program for Shinu. It included goals for training in money skills, personal grooming and household management. Sessions with Diya's Rehabilitation Psychologist, Dr Babita, to help him deal with anxiety issues and enhance his interpersonal skills was planned. Regular fitness sessions at MultiFit Gym were organized.

A lot changed as the months rolled by. With a calculator, Shinu began managing sales at Diya's tuck shop in the afternoons, every item within Rs 30/-. He was slowly learning to listen to his Trainers, take on tasks and complete them willingly, help his mother with household chores, and build up confidence to shop for milk and vegetables.

Shinu's training is a work in progress but nowadays his response is more "yes!" than "no!" We look forward to the best for him in the days to come.

Workplace Culture

1 Mission Oriented

Employees are hired based on their passion and are relied upon to maintain that passion throughout the course of their employment.

2 Innovative

There exists an Innovative Culture where the team is given the space to voice new ideas and is encouraged to be creative and self expressed.

3 Empowerment

No employee feels undervalued. Regardless of position or rank, each employee feels they are key and of valued importance and vital to the training program.

4 Customer Service Excellence

Ensuring that all stakeholders (Trainees and their families) are satisfied and content with the service provided.

5 TASK ORIENTED

Employees work well with one another in small collaborative teams where all issues are tackled, responsibilities coordinated and goals met on a quarterly basis.
